REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The information regarding the Nierembergia plant cultivar Sunniparibu described in several catalogs published in 2002 and 2003 refers as a possible offer for sale, more than one year prior to the filing date of this instant application. Sale or an offer for sale of the invention by the inventor, the assignee or by an independent third parties will bar applicant from obtaining a patent under 35 USC 102(b).

Applicant states that the instant cultivar has been sold, in the United States beginning on April 5, 2003 and in Canada beginning on April 5 2004. It has not been available in other countries.

As a result there is no evidence of the instant plant being described in a printed publication anywhere in the world or in public use or on sale in this country, more than one year prior to the filing date of this instant application.

The specification provides as complete a botanical description as reasonably possible of the claimed plant. The completeness of the description is sufficient to distinguish this new plant from the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
